

Year 5 Home learning task WB 22/06/20

Daily activities

✓ **Reading (20 mins)** – Choose a book you love. Imagine the setting had changes. How would that change to story? Predict what would happen.

✓ **Spelling (15 mins)** – Practice your spellings daily. Try using the stair step method.

✓ **Maths (15 mins)** – a task from the fluency ladder – only move onto the next step when you are an expert! Ask people in your house to test you on a Friday. Sheets linked to the fluency ladders can be found on the school website.

✓ **Mindfulness – (10 mins)** Try some mindful movement. Use you noticing and focusing skills. Think about what you can hear smell and feel.

✓ **Physical activity** – Can you create your own running track. Use markers to show the start and finish line. You could try to beat your own time or race against your family.

Weekly fun task

Research different ways plant disperse their seeds. This is the first part of their life cycle.

Try to make your own exploding seed pod.
Create a pod that can hold seeds (you could use bird seed or rice). Burst the pod and allow your seeds to fly out. Measure how far your seeds travel. Can you improve your pod so your seeds travel further?

You could use a balloon, plastic bag or anything else in your house. Be creative.
