The last few months have been exceedingly difficult for a lot of us, so it is important to reflect and think about the things we are grateful for.

Use an old jar from your house and fill it with things you are thankful for.

It could be that you are grateful to wake up to beautiful weather, that you have spoken to your friends on the phone or that you have spent more time with your loved ones.

Continue to add to your jar throughout the upcoming weeks and months! You can open your jar at any point to be reminded of the things that have made your day a little brighter.
